Subject: Personal Leave of Absence Notification

To: mejiavillena@ucsb.edu

Dear Jose Manuel Mejia Villena,

Your request for a Leave of Absence has been approved for the following period: Winter 2025.

Please see below for important information regarding your leave of absence:

Health Insurance
The UC Student Health Insurance Plan (UC SHIP) may be purchased for up to 2 quarters by students who need coverage while on approved leave of absence. Please note the following:

- Enrollment is NOT automatic. You must apply for coverage through voluntary enrollment. Please see the Student Health insurance website for details.
- Please enroll within 31 days of the first day of the quarter (view specific voluntary enrollment periods on the Student Health insurance website.
- If this is a late LOA request approved by exception, and you were enrolled in UC SHIP this quarter, you must contact the Student Health Insurance Office in order to retain UC SHIP if it is within 42 days of the start of the quarter. For LOA requests approved 43 days or more from the start of the quarter, or if claims were paid, UC SHIP will not be removed from your BARC account.

Please contact a Student Health Insurance Advisor with any questions.

Student Housing
Leave status may affect eligibility for on-campus housing. If you are currently living in UCSB Housing, you *must* take a copy of this email verifying your leave approval to the Housing Office.

Academic Appointments, Fellowships, and Financial Aid
While on leave, students are not eligible to hold student academic titles (TA, GSR, Reader, Tutor), other student appointment titles, or receive UCSB fellowships. If you have questions regarding employment eligibility, please contact Graduate Division Financial Support at: financial@graddiv.ucsb.edu. Students who are leave of absence usually cannot receive financial aid loans and may not be exempt from repayment. Please contact the Financial Aid Office for more information.

Graduate Student Parents
UCSB has resources, support, and benefits to help you succeed. Check out the Student Parent Resourcespage and download our Parenting Accommodations Packet for additional resources.

Keep UCSB Up-To-Date
Verify that your U-Mail account is still active. U-Mail is the official method used by UCSB faculty and staff to communicate with students. Confirm or update your Mailing Address in the Registrar′s database via the GOLD system.

Returning from Approved Leave of Absence
Students do not need to notify the Graduate Division when returning from a leave of absence. The Office of the Registrar automatically assesses fees and generates a pass time to register in the quarter immediately following an approved leave of absence. Students on an approved leave of absence during spring quarter who wish to register in the summer session may enroll directly with Summer Sessions.

Upon returning from a leave of absence, students are encouraged to meet with the Graduate Academic Counselor, Ryan Sims. Ryan will work with you to develop an individual plan for success and connect you with additional campus resources that will help you achieve your full potential at UCSB. Please contact Ryan at (805)-893-2068 or ryan.sims@graddiv.ucsb.edu to schedule an appointment.

The Disabled Students Program (DSP) is available to students for services related to academic accommodations due to a temporary or permanent disability. If a disability played a role in your request for a leave, or you developed a disability while on leave, you may qualify for services through the DSP office. Please contact them at (805)-893-2668 or DSP.Help@sa.ucsb.edu, for assistance.

All the best,

Academic Services
